Sun Oct 15, 2017 **26.2 miles**

I ran the Amsterdam Marathon. It was warm and very humid for the last 10 miles and I had to drink a lot. I think I was over trained for this run because I ran a good deal faster 5 weeks ago in the Erie Marathon. On the other hand, it was a very nice experience. There were about 16,000 runners in the marathon. I had 10 family members and friends out on the course and at the end cheering for me. Time: 4:26:12
